The total amount you pay is inclusive of government fees, taxes and charges (including stamp duty and GST). This amount is provided to you before the product is purchased. You can ask the policy issuer for further information.

Important information you should know

The parties will not consider whether the product is appropriate for your personal objectives, financial situation or needs as the parties do not provide such services to you. Any information provided by the parties in relation to this product is general advice only and is not based on a consideration of your personal needs, objectives or financial situation. Therefore, you need to consider the appropriateness of any information given to you, having regard to your personal circumstances before accessing the cover provided under the policy.

If you are issued a pet insurance policy as a result of the financial services provided, you will be issued with a Combined Financial Services Guide and Product Disclosure Statement (**Policy Booklet**). You need to read the applicable Policy Booklet including the Policy Terms and Conditions to determine if the product is right for you. The Policy Booklet contains information on the relevant risks, benefits and significant characteristics of the product and is aimed to assist you in making an informed decision about whether to buy it or not. If you require personal advice, you need to obtain the services of a suitably qualified adviser.

This FSG only applies to the financial services that PetRescue is authorised to provide to you. You should read this FSG in conjunction with the Policy Booklet for information on the financial services that other entities provide in respect of Everyday Pet Insurance policies.

Compensation Arrangements

The *Corporations Act 2001* (Cth) requires Australian Financial Services licensees to have arrangements for compensating retail clients for losses they suffer as a result of a breach by the licensee or its representatives of Chapter 7 of that Act, unless an exemption applies. Those arrangements include a requirement that the licensee hold professional indemnity insurance cover.

As insurers, both Hollard and PetSure are exempt from this requirement because they are insurance companies supervised by the Australian Prudential Regulation Authority (APRA) and are subject to the prudential requirements under insurance legislation regulated by APRA.

Conflicts of interest

The parties take any potential and actual conflicts of interest seriously and each have a conflict of interest policy. Conflicts of interest are circumstances where some or all of your interests are or may be inconsistent with or diverge from some or all of the parties' interests.

The parties manage conflicts of interest through adequate controls, disclosure, and avoidance. The parties also provide training to employees to identify conflicts of interest and encourage the early reporting of potential conflicts of interests.
